FOR IMMEDIATE RELEASE:

May 30, 2006

Upper Big Blue Natural Resources District PUBLIC WARNING

All ground water users in the Upper Big Blue Natural Resources District are hereby notified that the Spring 2006 District Average Ground Water Level is 0.52 feet below the "Reporting Trigger". All groundwater users must report information related to their groundwater uses by March 1, 2007. Annual groundwater withdrawal reports will be required, with the first report due to the District by December 1, 2007. If the District Average Ground Water Level falls more than 2.48 feet below the Spring 2006 District Average Ground Water Level, then allocation of groundwater will begin. The District Average Ground Water Level is determined each spring by measuring the static groundwater level in over 500 wells across the NRD. For more information contact the Upper Big Blue NRD, 105 Lincoln Avenue, York, NE 68467. Ph. (402) 362-6601.
